What is the Ride all about? In 2015, Carl Finley, a Parkland resident, invited the One Aim Team to Parkland for a 24 hour ride that started from his drive way. The One Aim Team is led by President Dr. Nigel Brockton, a 2-time cancer survivor who has committed his life to cancer research, right here in Calgary. This event is a successful fundraiser and training event for the Enbridge Ride to Conquer Cancer held in August.
